E. L. Rasberry reports the killing by lightning of four steers at the Yoder ranch on the mesa in the storm Sunday night.

The Mutual Girl, one of the big features of the Mutual theater, is to be shown this evening at the Mutual theater, and this number will be interesting to the followers of the terpsichorean art in this city. Mr. and Mrs. Vernon Castle, the dance artists, meet the Mutual Girl in this picture and instruct the lively young lady in some of the late dance steps. A large attendance is expected at the Mutual this evening.

Mayor Eugenio Romero, of the West side, is personally supervising the improvement work of Independence avenue, and reports favorable progress. This street will be one of the best on the West side following the completion of the grading and other construction. It is understood that a house overlapping several feet into the street will be condemned soon and the street widened at the place where it intersects South Pacific street.

The E. Romero Hose and Fire company this morning announced that they are in the field for a new fire team and all farmers or owners of good teams who wish to figure in a sale should see the department chief at once. Only the best of horses will be considered. The present fire queens, Anne and Daisy, will be unable to continue in the service, as Daisy suffered a slight injury a short time ago. The fire boys of the company regret that the change must be made as the old team seems to be a permanent part of the department.

**WASHOUT AT ROCKY CUT**  
Information reached Las Vegas this morning over the telephone to the effect that about 150 feet of the construction work that is being done at the gap about seven miles south of this city, was washed away last night when a terrific rain storm visited that section. The storm lasted about 20 minutes but was heavy and the gush of water through the gap, known as the Rocky Cut, washed away part of the wall which was not entirely completed, though it was expected that the convict gang, which is building the pass, would complete the work within two weeks. Automobile tourists and all others were forced to take the mesa route to this city today and last night as a result of the washout.

**F. B. HOLDS MEETING**  
One of the most largely attended meetings of the local order of the Fraternal Brotherhood was held last night, when the officers for the next six months were installed, and a large class of new members initiated into the order by H. U. Boyer, state manager of that order. Following the installation and initiation a big banquet was served in which over 80 members participated. This banquet was served by the members of that part of the order known as the Butterflies, who were the losers to the Doves in a membership contest. The Butterflies lost the contest by 300 points. Dancing concluded the meeting.

**AN ERROR CORRECTED**  
Through mistake it was announced last night that Mrs. Woods is to take charge of the kitchen department of Camp Montezuma. Mrs. I. K. Lewis, well known and liked by those who visit the camp last summer, will have charge again this season and is managing the culinary department at the resort.

## MINSTREL JINGLES

The big benefit for the Y. M. C. A. camp is assuming a definite shape. The minstrel show which holds forth at the Browne on Friday and Saturday nights is really ready for the fray right now. The boys who take part in this show are trained right up to the minute and know their parts perfectly. Little Felipe Delgado, the boy with the wonderful soprano voice, will be one of the big surprises of the performance.

As was announced, there will be three benefit performances all the same night, at the Vegas, the Photoplay, where feature motion pictures will be shown, and at the Browne, where the monster show will be on the boards. Then on Saturday night the minstrel performance will be repeated at the Browne.

The boys of the Y. M. C. A. are making strenuous efforts to dispose of the tickets for the minstrel. Every ticket they sell means a credit on their camp expenses.

The admittance to the minstrel show will be 25 cents at the Photoplay, 20 cents at the Browne and at the Vegas, 10 cents.

## A REAL PRINCE UMBALLAH

Although those Las Vegas who attended the Browne and Photoplay theaters last night had the pleasure of seeing a Prince Umballah upon the screen, people who were at the depot last night when train No. 2 arrived in this city had the pleasure of seeing a real Prince Umballah, who with his sister, passed through on his way from the Fiji Islands to New York.

Prince Umballah was not of the same size as the one featured on the motion pictures but was one of the most interesting men to pass through this city for some time. He spoke perfect American while his extreme politeness caused the other diners at the Castaneda hotel to observe the royal couple closely.

Prince Umballah and his sister are to remain in New York for the next year or more, and will return to their homeland by way of the Panama canal, stopping in San Francisco to attend the big exposition.

## MORA PLANS CELEBRATION

Eugenio Romero of Mora today stated that the town of Mora is planning a big time on the Fourth of July this year. A big celebration consisting of races, and general entertainment is the intention of those in charge and a small carnival will also be held at the same time. Two big dances will be given on the night of the Fourth and the hospitable citizens of Mora cordially invite Las Vegas to attend. It is understood that a number of local residents will visit Mora on the fourth, making the trip by automobiles.

Mr. J. Lester Cooper of Albuquerque and his father, Rev. H. A. Cooper, are here today with a Saxon car. He made the trip overland in eight hours over heavy roads. The little car has received a good deal of admiration on the streets. Mr. Cooper expects to establish a sub-agency in Las Vegas.—Adv.

## SAN MIGUEL COUNTY INSTITUTE MEETS

FAIR ATTENDANCE AT OPENING AT THE NORTH SCHOOL HOUSE TODAY

The San Miguel county institute opened yesterday morning at the North school house, on the West side for the annual session. The attendance at the opening was 42, though County Superintendent Dr. M. F. Des Marais expects this number to increase as the session continues.

Joseph S. Hofer, superintendent of schools at Tucuman, and well known as an educator, has charge of the institute and is assisted by Mrs. Lou Cobb and Miss Bertha Papen as instructors.

Dr. Des Marais this morning stated that the application for second grade certificates was larger than ever before and that the institute is being conducted solely for the second and third grade certificate students this year. Practically all those in attendance at the institute are from this county. The institute will continue through four weeks.

## PRESIDENT OPTIMISTIC

Washington, June 16.—President Wilson was hopeful today that the administration trust legislation will be passed so that congress may adjourn by the end of June. He was optimistic as a result of a conference today with Senator James of Kentucky, and the conference last night with other senators and the chairman of working committees. The president expects the railroad securities and the omnibus anti-trust bill to be reported out of committee within the next two weeks.

The president's attitude against any adjournment without enacting the trust bills had an immediate effect at the capitol. The leaders began hurrying work on the appropriation bills and turning the legislative machinery all along the line. Most of the senators are eager for a midsummer adjournment.
